

# Pilots flying UAM can accelerate their path to a Part 121 cockpit by fourteen months

## Path to 121 Air Carrier Pilot In Command

Flight Hours

UAM operators are estimated to generate 2.9 million flight hours by 2030, requiring 3,200 additional pilots

UAM pilots are expected to fly 900-1000 flight per year, similar to traditional airline pilots

Assuming 90% turn over every 18 months, UAM will send an additional 1,920 qualified pilots to traditional commercial airlines each year
